Correction to: Investigating the non-specific effects of BCG vaccination on the innate immune system in Ugandan neonates: study protocol for a randomised controlled trial

Sarah Prentice^{1,2,5*}, Emily L. Webb³, Hazel M. Dockrell^{1,4,5}, Pontiano Kaleebu⁵, Alison M. Elliott^{1,2,5} and Stephen Cose^{4,5}

Correction to: *Trials* 16, 149 (2015)
<https://doi.org/10.1186/s13063-015-0682-5>

Following publication of the original article [1], the authors notified us that 'Physician-diagnosed infectious disease' was incorrectly listed by them as a secondary outcome. In fact it is a co-primary outcome (the primary outcome for 'Combined Studies - Clinical Illness Events') and it is clearly listed as such in the protocol approved by the trial's ethics committee.
